

TULASARA FACIAL

Tulasara means “moving towards balance” in Sanskrit. During this facial a skin analysis is performed and Aveda’s signature skincare formulations are used to double cleanse and exfoliate, followed by a facial massage, extractions (extractions not included in 30 Min services), and intense hydrating treatments. All facials are customized to your skin type by our estheticians. This is an excellent option for those getting their first facial or who are unsure of their skin types.
